

# ERINOLA MICHEAL TOMIDE

## Full-Stack Python Developer

Lagos, Nigeria | 07039853440 | [tomideerinola@gmail.com](mailto:tomideerinola@gmail.com) | [tomide.pythonanywhere.com](http://tomide.pythonanywhere.com)

---

## PROFESSIONAL SUMMARY

Results-driven Full-Stack Python Developer with a strong focus on building robust, scalable web applications using Flask and Django. Experienced in bridging complex backend logic with intuitive frontend interfaces. Highly proficient across the full software development lifecycle (SDLC), from database schema design to live deployment in cloud environments. Committed to clean, maintainable code and continuous technical growth.

---

## TECHNICAL STACK

**Languages:** Python (Advanced), JavaScript (ES6+), SQL, HTML5, CSS3

**Frameworks:** Django, Flask, React.js (Core Fundamentals)

**Tools & Databases:** Git & GitHub, RESTful APIs, PostgreSQL, SQLite, MySQL

**Deployment:** Web Hosting, Cloud Environments, Environment Variable Management

---

## PROJECT PORTFOLIO

### Full-Stack Web Applications (Flask & Django) — Lead Developer

Personal & Professional Projects | 2024 – 2025

- Architected and deployed multiple production-ready web applications using Flask and Django.
  - Implemented secure authentication systems, complex relational database models, and dynamic form handling.
  - Developed responsive, mobile-first user interfaces using HTML5, CSS3, JavaScript, and integrated React components.
  - Managed version control with Git/GitHub and streamlined deployment workflows for live environments.
-

## EDUCATION

### **B.Sc. Computer Science (Second Class Upper)**

École Supérieure des Technologies Avancées et de Management (ESTAM), Benin Republic  
2018 – 2022

### **National Youth Service Corps (NYSC)**

Completed | 2023 – 2024

### **Secondary School Education**

Lagos State Model College, Kankon, Badagry

---

## PROFESSIONAL CERTIFICATIONS

### **Full-Stack Web Development Immersion**

Moat Academy | 2025

Intensive training focused on Python backend architecture, modern frontend integration, and real-world deployment.
